How can we help you!

Have more energy

Worry less

Feel more alive

Build stronger healthier relationships

Reduce stress

Increase self-esteem

Handle anger

Healthier lifestyle

Addiction

**Spanish speaking
counseling available!**

MISSION

Providing a healing environment for clients and staff; building resilience to grow as individuals, families, and a community.

Kettle Moraine counseling was started in 2010 in order to provide high quality therapy to the community. It started with three therapists and has expanded to include 17 therapists and a nurse prescriber. Our first original location was in downtown West Bend. We also have locations in Cedarburg and Oak Creek. In the spring 2016 the West Bend location moved to Barton to much larger facilities. Services offered include counseling for children, teens, adults and families. We provide couples counseling, group counseling, chemical dependency, Christian-based counseling, attachment therapy, mindfulness and yoga therapy. We have a Spanish speaking therapist on staff. We strongly believe in serving all of our community and we take all forms of insurances including badger care and/or state insurance. We look forward to our long partnerships with community agencies and to continue to provide client centered, ethical care to all who come through our doors.

- . Ethical
- . Experienced
- . Client centered
